

## PAELLA

Hap style shawl using 'Faux Spanish' allover lace

A = double decrease

O = yarnover

w = knit, yarnover, knit into single stitch (double increase)

>1; knit one, move beginning/end of round marker 1 left. Corner markers will all move one left as well.

Cast on 8 stitches.

Join, knit around once.

2) Ok x8

Rows not noted are knit all stitches.

4) (K1, O, k3, O) x4

Instructions are repeated 4 times per round until otherwise noted.

Mark the corners and end of round.

6) k1, OkO, A, OkO

8) k1, O, knit to next marker, O

10) k1, \*(OkO,A); repeat from \* until 1 stitch before next marker, OkO

12) k1; O, knit to next marker, O

Repeat rows 10 through 13 until approx 20 inches from cast on along corner increases; and each side has a multiple of 11 stitches, NOT counting the corner stitch itself. There should be an Odd number of repeats per side.

If you allow 99 stitches per side, this will take you to row 101.

102) knit. Note: your pattern rows will now be on ODD rounds, since we added in a row as a divider.
